Thank you very much. I need a copy of your updated CV. If applicable, make sure it includes any instance of your testifying in court before and/or being qualified as an expert. It doesn't have to be extremely detailed, but a note of prior testimony as a chemist in any court before will streamline things. The defense might be less apt to challenge your qualifications if you've already been recognized by another court.

I attached a summons with my cell number. Call it any time.

I'll keep you posted on any developments in the case (any date changes or stipulations re: the drugs etc.), and as the trial gets closer I'll touch base with you to prep a little in advance of your testimony. Sound good?
